SUMMARY

Computer Science graduate with experience building Java Spring Boot applications, designing RESTful APIs, and developing relational database solutions using MySQL and Spring Data JPA. Seeking Software Development Engineer roles with a strong interest in backend systems, scalable software, and problem solving.

SKILLS

Languages: Java, SQL

Backend: Spring Boot, Spring Security, REST APIs, Spring Data JPA

Database: MySQL

Tools: Git, GitHub, Maven, Postman, IntelliJ IDEA

Core CS: Data Structures and Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Concepts: RESTful API Design, Authentication, CRUD Operations, Validation, Exception Handling, Relational Database Design

PROJECTS

IncidentFlow – Smart Incident Management Platform

Sep 2025 – Oct 2025

Java 17 | Spring Boot | Spring Security | Spring Data JPA | MySQL | Maven

- Built an incident management backend for creating, assigning, tracking, and resolving tickets across departments with priority and status workflows.
- Developed REST APIs for assignments, comments, SLA tracking, filtering, pagination, and dashboard analytics with role-based access control.
- Designed relational entities using Spring Data JPA and MySQL with input validation, exception handling, and structured API responses.

EventHub – Event Booking & Ticket Management Platform

Nov 2025 – Dec 2025

Java 17 | Spring Boot | Spring Security | Spring Data JPA | MySQL | Maven

- Built an event booking backend for managing events, schedules, seat availability, ticket bookings, cancellations, and booking history.
- Developed secured REST APIs with role-based access for administrators and attendees using Spring Security.
- Implemented transactional booking logic and database constraints to maintain seat consistency and prevent conflicting reservations.

EDUCATION

Vellore Institute of Technology, Andhra Pradesh

Amaravati, India

Bachelor of Technology in Computer Science and Engineering; CGPA: 8.02/10.0

2022 – 2026

ACHIEVEMENTS

- Ranked **67th** with a score of **89.31/100** in **PromptWars x Global Prompt Challenge**, hosted by DEVENGERS with Hack2Skill and Google for Developers, finishing in the Top 80.

CERTIFICATIONS

- Microsoft Certified: Azure AI Fundamentals
- Oracle Cloud Infrastructure 2025 Certified Foundations Associate
